- Game Rules

On safari in Botswana,

you might spot lions, rhinos, elephants, leopards, and zebras. In this game, you will spot them for sure! But can you guess which ones will be worth the most at the end of this safari? Play the right cards at the right time, collect the best animals, score the most points and win the game. *Botswana* has easy and quick rules, is fast to learn and yet challenging to play—for all family members young and old.

The beautifully painted animal miniatures of this game will immediately appeal to younger family members. *Botswana* encourages advanced planning but also requires flexible thinking as the ever-changing stacks of exposed cards reveal different values affecting your growing animal collection. Get the high cards of your animal collection on top of the stacks before any animal stack reaches 6 cards and ends the game.
