## A history-based game

**2 de Mayo** is based on the terrible events that took place in Madrid on May 2<sup>nd</sup> 1808. On that date, fed up with the abuse by French soldiers and sick of the indolence of Spanish authorities, many of whom acted in collusion with the occupying French troops, the people of the city rose up in arms against the best army of the time, in a desperate attempt to regain their pride through rebellion against the Napoleonic invaders.

**2 de Mayo** is a two player game, lasting 20-30 minutes, with each player controlling either the Spanish or French forces.

*"A high-quality production providing us with some innovative mechanics and capturing the theme very well."*  
~~Ethan Tan on BoardGameGeek.com

*"It's short and interesting, and has a huge element of bluffing and sneaking and out-thinking... tonight the Spanish won."*  
~~ Matt Drake on Drake'sFlames.com

*"An elegant and thoughtful asymmetrical war game that plays in just 30 minutes."* ~~Shannon Appelcline on RPG.com

*"A quick two-player game that is dripping with historical theme and gaming tension. Bravo!"*
