

En Garde

Experience the thrill of fencing ...board game style!

In this two-player game, tactics, skill and a little bit of luck will determine the best fencer. Teach yourselves the concepts with the basic game, test yourselves with the standard game, and challenge yourselves with the advanced game. Cards fly back and forth as the fencers attack, and parry-riposte.

Who will be bold enough to attack first? Is it possible to win with that initial attack or has your opponent beguiled you into an attack while waiting to mount a parry-riposte?

En Garde is a very dynamic game—strategically rich yet easy to learn and play. Three levels of rules are included in the game.

"Every time I play I'm astonished how the feel of a fencing bout is reproduced with this simple card game."

~~ Jean-Luc Simard

"Simple and addictive, the ultimate fencing simulation."

~~Roland Alkemper

"This is unlike any other two-player game I've played, in the tug-of-war style battle it offers. It's easy to learn, it's quick to play, it's fun - really, Knizia got almost everything perfect! With the great components of the Gryphon Games edition, I'm very pleased to have this in my collection."

~~Ender Wiggins on BoardGameGeek.com
