

Masters Gallery

Game Components:

- 5 Numbered Artist Cards (17 to 21)
- 95 Masterpiece Cards
- 12 Value Tokens
- 5 Award Tokens
- 1 Rule Booklet

In *Masters Gallery*, the players are art critics and gallery owners. All have their own favorite artist in this pantheon of greats—or at least they do until the game begins. Tastes and opinions about each artist's value change constantly in the world of art. Which player will exert the most influence? Who will best anticipate these changing tastes and opinions, and thus assemble the highest-valued collection of these masterpieces?

The cards in this game feature 30 of the most beautiful pieces of art ever created by Van Gogh, Renoir, Monet, Degas and Vermeer. Over the course of four rounds, players use these cards to establish the relative value of each artist's body of work. Unique mechanics and ingenious design make the game play unpredictable and challenging every time you play.
