

Take it Easy!

Game Components:

- 6 colorful Game Boards
- 6 identical sets of 27 Hexagonal Tiles
- 1 Rule Booklet

A terrific game for groups, families, or even solitaire, *Take it Easy!* combines the accessibility of Bingo with a splash of color and strategy making it a great game for everyone. Each player has a 19-space hexagonal board with identical sets of 27 tiles featuring colored/numbered strings crossing in three directions—each having a different value and color. Using a multi-player solitaire format, the “caller” (who may also play), randomly draws a tile, calls it out, and everyone places this tile on their board. Placement continues until the board is filled with as many complete, continuous-color strings as possible...hoping for the highest score.

It seems easy at first but the choices get tougher as space runs out! The game comes with materials for six, but there's no limit to the number of players if you have enough sets on hand. *Take It Easy!* is an excellent choice for classrooms, camps, fundraisers, clubs and parties.

2009 Teachers' Pick by Scholastic's Instructor Magazine

“UK Games Expo” Award for Special Achievement 2008

Nominated for “Game of the Year” in Norway 2007

“Maddening addictive.” ~ Neil Thompson on boardgamegeek.com

“This is the best multiplayer solitaire game I've ever played...it should replace Bingo in Bingo halls.”

~ Steve Wagner on boardgamegeek.com

Game designed by Peter Burley

Published by Gryphon Games

Made in China

Players:	1 - 6
Playing time:	20 minutes
Age:	8 and up
Case Size:	6 (2 lbs. or 90 grams/unit)

Title:	Take it Easy!
UPC:	718122624645
Size:	10 ½" x 10 ½" x 2"
MSRP:	\$24.99
